

Report of the Executive Director

July 15, 2019

Local Planning and Building Inspections:

Building Permits

In June 2019, thirty-four building permits were issued within the area served by RSC8 at a total construction/installation value of \$2,007,600. This compares to thirty-seven permits issued by the end of June 2018 with a value of construction/installation of \$3,065,300.

Separate building permits are issued for electrical upgrades and electrical changeovers for existing structures in cases where no structural building activity is taking place. These Building Permits for Electrical Only are forwarded to Public Safety before a wiring permit is issued to the electrician. A total of eleven electrical building permits were issued in June 2019.

Planning

Planning Review and Adjustment Committee

The Planning Review and Adjustment Committee (PRAC) of a Regional Service Commission performs both a decision-making (quasi-judicial) and an advisory role on behalf of communities. The decisions and recommendations made by the PRAC are guided by land use plans, the provisions of the *Community Planning Act* and regulations thereunder. There was no PRAC meeting for the month of June.

Subdivision

There was one application for subdivision in June 2019.

Zoning Confirmation and Document Approval

There were two zoning confirmation letters issued in June 2019.
