

Good Day,

I am pleased to be your trustee of Regional Services Commission #8 (RSC8) and will be replacing the Board of Directors for the time being. I was appointed by O-I-C under Section 34 of the *Regional Services Delivery Act* which states under Section 34(3) that the trustee has all the responsibilities, duties and powers of the board.

As such, I commit to the following:

To carry out in a neutral and impartial manner the responsibilities, duties and powers of the Board as legislated in the *Regional Services Delivery Act*;

To review thoroughly in a fiscally-responsible and timely manner any and all pertinent financial information and background documents dealing with all activities in the operation and administration of RSC8 in order to pass a 2019 operating and capital budget; and

To provide good governance and broad oversight to the Commission and its activities in the best interests of the approximately 29,000 people within the RSC 8 boundaries (Local Services Districts and Municipalities).

There will be no implications for the Executive Director and his staff or any of the operations of the Commission in the interim. RSC 8 will continue to operation on the basis of the 2018 budget until a new budget is passed.

The next few weeks will be very busy, as there are numerous documents to review. It is my intention to meet with the Mayors and Councils of the four municipalities and members of the RAC Committee once the budget has been passed.

Thank you for the opportunity to serve RSC 8 in this capacity.

Sincerely,  
Brenda L. Knight
